

## Approved, Not Approved and Restricted Devices

*\*From the Colorado Ski Safety Act: Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.*

*\*From the Your Responsibility Code: Always use devices to help prevent runaway equipment.*

*\*Sliding devices on the mountain must have metal edges.*

*\*NO motorized, electric assist or powered devices allowed.*

***This list is subject to change at any time.***

It is the daily duty of the Lift Operators and Ticket Scanners to keep an eye out for guests using approved devices on our lifts. Mountain Patrol will assist the Lift Operations department with enforcing these Approved Device Rules and will also enforce this protocol on the mountain. Any equipment that requires the user to walk off the lift is only allowed on the Quick Draw Express (QDE). The QDE is the only lift licensed for foot passengers by the Colorado Passenger Tramway Safety Board.

### **Approved Devices:**

#### **Snow Boards**

#### **Alpine Skis**

- ✓ Must Have retention device (Colorado Law)
- ✓ Must have metal edges.
